

Wired in-ear headphones Vipfan M18, USB-C (black)

Ref: 6971952433663

Wired in-ear headphones Vipfan M18, USB-C (black)

Vipfan M18 wired in-ear headphones, USB-C (black)

Lose yourself in your favorite music with the Vipfan M18 headphones. Equipped with 14.2mm drivers, they deliver remarkable sound and deep bass. Meanwhile, the built-in remote control allows quicker access to the most important functions, such as answering incoming calls and adjusting the volume. At the same time, the headphones are incredibly lightweight and comfortable, as well as durable.

Amazing sound

Experience even more detail in your favorite tunes! The headphones have 14.2mm drivers that guarantee natural, clear sound with deep bass.

Stylish design

In addition to functionality, the headphones also feature a stylish and minimalist design. They are designed in such a way that they do not cause discomfort even during long hours of use.

Integrated remote control

Operating the headphones is extremely easy and convenient, thanks to the integrated remote control. With its help you can adjust the volume, change the song you are playing, or answer a call. The most important functions at your fingertips!
