### Colmi C63 Smartwatch (Black)

The Colmi C63 Smartwatch offers numerous useful features, making it a great daily companion. It not only notifies you of incoming messages but also allows you to make phone calls via Bluetooth. It also helps you take care of your health by monitoring blood glucose levels, measuring heart rate and blood pressure, and even performing EKG measurements. You can choose from over 130 sports modes, ensuring you'll find something suitable for you. The convenient operation is facilitated by the 2.01-inch HD touchscreen display.

### Take Care of Your Health

Keep a close eye on your health and gain the ability to react quickly to alarming symptoms. The smartwatch can perform EKG measurements and assess the heart's health based on the collected data - all essential information can be found in the app. The C63 model also measures blood glucose levels. Additionally, it offers features for monitoring heart rate, sleep, blood pressure, and SpO2. The device also provides guidance on performing relaxation breathing exercises to help you relax.

### Stay Connected

You no longer have to worry about missing important updates. The C63 Smartwatch will promptly notify you of incoming messages - now everything is at your fingertips. The device also allows you to make phone calls, eliminating the need to reach for your smartphone every time. Advanced acoustic technology and built-in speakers ensure excellent audio quality, so you and your caller can hear each other

clearly.

#### Large Display

Enjoy the convenient operation of the smartwatch. The C63 model features a large 2.01-inch touchscreen display with a resolution of 240x296 pixels. It provides a bright, clear image in almost any conditions, ensuring excellent readability. You can also customize its appearance with a choice of over 100 original watch face designs.

#### Even More Possibilities

The smartwatch offers voice assistant functionality - now a few words are enough to, for example, call a friend, locate your phone, or get directions to a selected destination. The device also allows you to check the weather, use a calculator, control music playback, and much more. The possibilities are extensive - the Colmi C63 is your personal assistant on your wrist!

#### Over 130 Sports Modes to Choose From

Leading an active lifestyle? Or perhaps you're just starting your fitness journey? The Colmi C63 Smartwatch will come in handy in both scenarios! The device allows you to choose from over 130 sports modes, such as running, cycling, yoga, HIIT, or climbing. Choose your favorite discipline or try something new! Now you can easily track your progress and achieve better results.

#### Customized for You

The smartwatch is very lightweight and comfortable - it weighs only 40g, so you can wear it for extended periods without discomfort. The device comes with a skin-friendly, touch-friendly, and easy-to-clean silicone strap. The C63 model is also IP68 waterproof, so you don't have to remove it when it's raining or when you want to wash your hands.

#### Long Battery Life

Forget about the need for frequent smartwatch charging. The Colmi C63 comes equipped with an efficient 280mAh battery. With regular daily use, the device can last for 5-7 days! Conveniently charge the watch with the included magnetic cable.
