Havit H633BT headphones (black)

Immerse yourself in the world of music with the Havit H633BT. The headphones combine exceptional sound quality with an ergonomic design. Bluetooth 5.1 guarantees a stable connection of up to 10 meters, while the microphone ensures free phone calls. What's more, the headphones are distinguished by their long operating time, and will take about 2-3 h to charge, so you can quickly get back to listening to your favorite music. In addition, the foldable design makes it easy to store and transport.

Stable connection

Thanks to the advanced AC6956A chip and Bluetooth 5.1 technology, the headphones provide a stable wireless connection, allowing you to freely listen to your favorite music without cumbersome cables. The Bluetooth range is 10 meters, so you can enjoy a reliable connection without interference. You can also pair the headphones with 2 devices at the same time and switch between them conveniently.

Durable battery

The Havit H633BT headphones are equipped with a capacious 350 mAh battery for impressive music and call playback time. At 70% volume, playback time is as long as 22 hours, and talk time is 21 hours. Standby time is 60 hours, so you can enjoy your music for a long time without having to charge the headphones frequently.

High quality sound

Havit H633BT are also characterized by excellent sound. With 40mm drivers, the headphones guarantee high quality HD stereo sound. What's more, there are 2 modes of the headphones: Bass and Vocal, as well as an audio equalizer - customize their performance to your needs.
