TWS Havit TW969 headphones (black)

Play music, talk on the phone and enjoy your favorite entertainment anytime, anywhere with the Havit TW969! Equipped with 8-millimeter drivers, the wireless headphones deliver sound of the highest quality, making every note sound great. Their operating time with the case reaches up to 23 hours, and Bluetooth 5.3 will give you the freedom of movement you dream of. Their compact size and lightweight design make them the perfect everyday companion.

Get ready for sound in fantastic quality

Now you can hear more! Equipped with 8-millimeter drivers, the headphones deliver sound with impressive clarity and depth, letting you hear every detail of your favorite music. Regardless of the music genre, these headphones can render any sound in a way that draws you into the world of music.

Talk without distractions

Focus on your conversation, without distracting background sounds! The Havit TW969 headphones feature a dual microphone that uses advanced ambient noise reduction. This ensures that your conversations will be crystal clear, no matter where you are.

Immerse yourself in a virtual world

The Havit TW969 headphones also offer a gaming mode that delivers a low latency of just 60ms. This means you'll be able to enjoy smooth gameplay and instantly respond to every sound! What's more, activating the gaming mode is extremely easy - just click the touch panel three times to activate it and dominate the virtual world.

Intelligent control

The TW969 features smart touchpads that allow easy and intuitive control of music and phone calls. Want to change the song? Or maybe you need to change the headphone mode? Simply tap the panel to skip to the next song or turn on gaming mode - all without having to take your phone out of your pocket!

Stable connection

Forget about delays and interference! The headphones use the latest Bluetooth 5.3 technology standard, which means not only a fast and stable connection, but also much more efficient power management. So you can enjoy a long battery life!

Favorite music for a long time

Let music accompany you all day long! The headphones provide up to 7.5 hours of playback in standard mode, and with the charging case you'll find included, you can extend their runtime to up to 23 hours. Charging the headphones takes just 1.5 hours, so you'll be back to listening to your favorite songs in no time!
