Havit H2230d-B gaming headphones

Discover a new level of entertainment with the Havit H2230D! The Havit H2230D headphones will provide you with the amazing sound experience and comfort you need during every game. The multi-directional microphone will allow you to communicate freely with your team, plan strategies and celebrate victories, and thanks to the 3.5mm jack plug, you can successfully use them in conjunction with your computer, phone or consoles such as Xbox or PS5.

Exceptional comfort during gaming

The Havit H2040d headphones combine incredible sound with unparalleled wearing comfort. Their incredibly lightweight design, weighing only 242 grams, means you can play for hours without feeling tired. The earcups are made of pleasant-to-touch leather and filled with memory foam, providing not only comfort, but also excellent isolation of external sounds. In addition, the adjustable headband allows you to adjust the headphones to the shape of your head, which means they will sit perfectly on your head regardless of its size.

Hear every sound

Immerse yourself in the world of gaming with Havit headphones! Equipped with 50-millimeter drivers, they offer richer treble, clearer sound and stronger bass, making sound even more immersive and exciting. Surround sound surrounds you from all sides, allowing you to react instantly to your opponent's every move. Now you can easily hear every nuance of sound in games, from subtle whispers to

powerful explosions!

Seamless communication with your team

Now you can effectively communicate with your team and dominate the gameplay! The headphones are equipped with a detachable microphone that accurately captures sounds from every direction, ensuring clear and effective communication with the other players. What's more, you'll also find a microphone mute button on the headphones, as well as a volume control knob.
