Oneisall PFD001 Pro Smart Pet Feeder (White)

The Oneisall PFD001 Pro Smart Pet Feeder (White) is an excellent solution for all pet owners. This advanced automatic pet feeder provides convenience, precision, and complete control over your pet's diet. With many innovative features, your pet will always have access to fresh food, even when you're not at home.

Automatic Precision

The Oneisall PFD001 Pro is a wireless automatic pet feeder, which means you don't have to worry about meal interruptions even during power outages. Your pet will receive exactly what it needs, always on time.

Intuitive Operation

Ease of use is one of the key features of this product. With intuitive control via a knob, you won't have to struggle with multiple button presses. Meal scheduling becomes a breeze, and your pet will appreciate regular feedings.

Programmable Meals

The Oneisall feeder allows you to plan up to six meals a day and set up to 36 portions of food. This flexibility adapts to your pet's individual needs, whether you have a cat, a dog, or another pet. You have full control over their diet.

Your Pet's Safety

The product is BPA-free, meaning you don't have to worry about harmful substances affecting your pet's health. With this feeder, you can be confident that your pet is receiving healthy and safe food.

Maintaining Food Freshness

The Oneisall PFD001 Pro is equipped with an air vent to help maintain the freshness of the food. This is important to preserve the nutritional value of meals, and your pet can enjoy the taste of every bite. The feeder has a capacity of approximately 1.2 kg of dry food, so you don't have to refill it frequently. It also has compact dimensions, making it easy to place anywhere in your home. The total weight of the product is approximately 1.7 kg, making it portable and easy to handle.
