

## Gaming headphones Havit H2002Y

Gaming headphones Havit H2002Y

Ref: 6939119046835

### Havit H2002Y Gaming Headphones

Become a virtual gaming champion with Havit H2002Y Gaming Headphones. Equipped with 50mm drivers, these headphones ensure high-quality audio, further enhanced by spatial sound effects. You'll have a detachable microphone at your disposal for team communication. The integrated cable control allows convenient customization of settings, and the practical 3.5mm plug ensures wide cross-platform compatibility. Moreover, thanks to their lightweight, ergonomic design, you can spend hours playing your favorite games without discomfort.

### Immersive Experience

The 50mm drivers deliver exceptionally clear high tones and deep, dynamic bass, making every sound in the game audible and tangible. The use of spatial sound technology provides a unique immersion experience - with Havit, you can immerse yourself in a three-dimensional audio scene. The ability to precisely locate the direction of incoming sounds, such as enemy footsteps or distant explosions, gives you an advantage in the game.

### Seamless Team Communication

The highly sensitive, omnidirectional microphone allows for seamless team communication, facilitating cooperation and increasing your chances of victory. You can adjust its position within a 360° range or completely detach it. The integrated cable multifunctional remote

control provides additional convenience, allowing you to adjust the volume level or mute the microphone swiftly, enabling quick reactions in dynamically changing gameplay conditions.

#### Play on Various Platforms

The HAVIT GAMENOTE H2002Y headphones come equipped with a standard 3.5mm audio jack, making them an excellent solution for gamers using various devices such as PS4, Xbox, or PC. Enjoy easy connectivity and instant readiness for action without the need for additional adapters.

#### Comfort During Long Gaming Sessions

The foam ear cushions provide an excellent fit, without causing pressure or discomfort. The headphones weigh only 280g, allowing you to use them comfortably during streaming or long gaming sessions without feeling fatigued. Additionally, the adjustable headband allows you to customize the H2002Y model to your individual needs.
