Baseus Qpow PRO powerbank with USB-C cable, USB-C, USB, 20000mAh, 20W (black)

Opt for a capacious powerbank from Baseus and charge your devices quickly and safely. Baseus Qpow Pro has a built-in Lightning cable and offers 2 ports: USB-C and USB. It also supports multiple fast charging protocols. It allows you to renew the energy of 3 devices simultaneously. Its output power reaches 20 watts and its capacity is 20,000 mAh. Thanks to the fact that it is handy and lightweight, transporting it is not a problem. The product is also distinguished by its wide compatibility and multi-level protection.

Fast charging

The Baseus Qpow Pro powerbank with built-in Lightning cable has USB-C and USB ports, so it can charge up to 3 devices at once. It also supports SCP, FCP, QC and PD fast charging protocols, and will charge an Apple 13 to 50% in just 30 minutes.

Impressive capacity

The Qpow Pro stands out with a capacity of 20,000 mAh and is capable of charging selected devices up to several times. So you can renew the energy of the Apple 13 about 4 times, the Apple 12 Pro about 4.3 times, and the Mi10 Pro about 3 times. Forget about the long wait until your devices are ready to use!

High level of protection

The powerbank has a number of safety features that guarantee the safety of your charged devices. Baseus Qpow Pro protects against overcurrent, overvoltage, overcharging, high temperature or electromagnetic field, among others. Also noteworthy are the high-quality materials and robust housing.

Compact and handy

Thoughtful design of the powerbank translates into high comfort of use. The easy-to-read display provides information about the state of the battery, and thanks to its low weight the product does not cause any problems during transportation. A practical clip allows you to hide the end of the built-in cable, so you do not have to worry about damaging it.
