Wireless Earphones TWS QCY T13 ANC (white)

Lose yourself in your favourite tunes and forget about annoying noise. The QCY T13 ANC headphones support noise cancellation technology (up to 28 dB) and are equipped with 10-millimetre drivers so you can enjoy great sound quality. They are also distinguished by their long operating time. As many as 4 built-in microphones allow you to make phone calls freely, and a dedicated app provides convenient access to interesting functions and settings. The headphones are also very lightweight and comfortable.

Say goodbye to annoying noise

Tired of omnipresent noise? The T13 ANC headphones will let you solve this problem! With up to 28 dB noise cancellation, you can cut off annoying sounds and enjoy peace and quiet. Prefer not to lose touch with your surroundings? Choose Transparency mode and be sure you won't miss a thing. Now you can talk to your friends without interruption while listening to your favourite songs! And you don't have to worry about missing an important piece of information at work or an announcement at the train station.

More possibilities with the app

Install the dedicated QCY app and gain more options. With it, you can, for example, customise the operation of noise reduction or Transparency mode to suit your needs, and EQ settings are also available. You can also adjust the balance of the sound channels. The app also allows you to use a pop-up window to easily pair the headphones with your device (only available on Android smartphones).

#### Discover a world of great sound

If you value high quality sound, the T13 ANC headphones will certainly not disappoint you. Featuring 10mm drivers with high-quality diaphragms, they can deliver powerful, deep bass, and are fantastic at emphasising the sound of vocals. They also allow you to enjoy crisp highs and mids. It all adds up to an unforgettable musical experience!

#### Perfect for conversations

The bus, the mall, the supermarket - with the T13 ANC you can comfortably talk on the phone wherever you are. The headphones are equipped with 4 microphones and support the ENC noise cancellation algorithm, so they can record your voice while suppressing unnecessary background noise. You no longer have to worry about your caller not hearing you! The T13 ANC are also great for outdoor use - even on a windy day. They effectively reduce wind noise, ensuring clear sound during conversations.

#### Maximum comfort

Now your favourite music can accompany you even throughout the day - no fear of fatigue or discomfort. The T13 ANC have been perfected down to the smallest detail - they have a lightweight, ergonomic design, fit perfectly in your ears and are very comfortable. You will also find 4 pairs of interchangeable eartips in different sizes - XS, S, M and L. Choose the right ones for you and enjoy the perfect fit of the headphones!

#### Bluetooth 5.3 - fast and stable connection

Even faster transmission, more reliable connection and lower power consumption - all made possible by the flagship Bluetooth 5.3 technology. Forget about signal quality problems! The T13 ANC headphones also offer a special Low Latency mode with a latency of only around 68 ms. This makes them great for gaming too! Enjoy perfect video and audio synchronisation, don't let your opponent surprise you and get the upper hand!

#### Listen to music without limits

Use the headphones freely at home, at work or while travelling - no need to worry about them draining too quickly! The T13 ANC can last for around 5.5 hours with ANC noise cancellation on, or up to 7 hours if you don't use it. What's more, the included charging case allows you to extend this time to 24.75 hours or up to 30 hours respectively!

#### Convenient touch control

Want to pause your music or skip a song? Forget about taking your smartphone out of your handbag or pocket! The QCY T13 ANC headphones have convenient built-in touch panels with which you can, for example, pause / resume playback, answer the phone, hang up, reject an incoming call, activate the voice assistant or select the operating mode. Now you have all the most important functions at your fingertips!
