

Smartwatch QCY GTS S2 (Black)

Smartwatch QCY GTS S2 (Black)

Ref: 6957141407950

QCY GTS S2 Smartwatch (black).

The S2 is a multifunctional smartwatch from QCY that not only measures your steps and tells the time, but also helps you take care of your body! Among other things, the device monitors your sleep and heart rate, and offers more than 100 sports in which you can measure your progress! It will inform you of incoming messages, calls and notifications from apps such as Facebook, Instagram, Twitter, etc., and let you manage your music player and calls. In addition, it has a number of basic functions, such as an alarm clock and a stopwatch. It features an impressive screen and works with the QCY app. S2 is your new personal assistant!

Long service life

Your smartwatch will accompany you for a long time! With basic use, it can work for up to 14 days! If you use it in conjunction with the app, the device works for 4 days. Are you worried that it will refuse to serve you at the wrong time? No worries! The S2 will remind you when you need to recharge!

Your personal assistant

With the QCY smartwatch you have all the necessary information at your fingertips. One small device will allow you to easily manage your music, take a photo, check the weather, or set your alarm clock. It will inform you of incoming calls and text messages, as well as measure your stress levels, emotions, and help you improve the quality of your breathing.

Reach your goals and break more records

With the S2 on your wrist, you always know the distance you've traveled, how many steps you've taken, and how many calories you've burned in the process. The smartwatch offers more than 100 sports in which you can measure your progress! Running, aerobics, dancing? How about rollerblading, field hockey or skiing? Choose your favorite sport or discover your new passion with QCY!

Guarding your health

What else will the S2 surprise you with? The watch can monitor the quality of your sleep, as well as your natural cycles. In the app you will get access to a record of all the necessary information and charts about them. You'll learn from them, for example, whether your heart is working as it should, and you'll be able to react quickly if there are any worrisome symptoms. The device also monitors blood oxygen saturation levels, as well as menstruation, so you can always have access to your calendar at hand!

Convenient and practical

The smartwatch is equipped with a silicone strap, which makes it so comfortable to use. The skin-friendly material ensures comfort even during intense workouts. What's more, the device's waterproof rating is IPX8, so you don't have to worry about drops of sweat or rain - your smartwatch is safe!

Impressive screen

The QCY S2 is distinguished by its 1.85-inch screen with 2.5D edges. It displays images in full color and HD quality, providing an amazing visual experience. There are more than 100 dials to choose from, so you can easily personalize the look of your smartwatch. Choose the one that perfectly represents your character or change them according to your mood!

Don't part with your music

The S2 connected to your phone gives you the ability to manage your music player, so no matter what you're doing or where you are, you don't have to take out your phone to change the song or manage the volume. Check out how convenient it is!

Talk freely

Someone calls you, but you don't have your phone handy? Answer from the smartwatch! With just one click, you can answer an incoming call! In order for the Bluetooth call function to work, the S2 needs to be connected to your phone.
