Powerbank Baseus MagPro Magnetic 5000mAh 20W, MagSafe (white)

Baseus MagPro Magnetic 5000mAh 20W Magnetic Power Bank, MagSafe (White)

Baseus MagPro Magnetic is a modern power bank with a capacity of 5000mAh, combining technology and practical design. Designed for users who value convenience and functionality, this device offers simultaneous wired and wireless charging, as well as the ability to use it as a phone stand. Equipped with 15N magnets, it ensures stable and strong device attachment. All of this comes in a compact and lightweight casing, perfect for carrying in a purse or backpack.

Wired and Wireless Charging

Baseus MagPro Magnetic offers users full flexibility with the option of both wired and wireless charging. Wired charging boasts an impressive maximum power of 20W, allowing for rapid device recharging. Meanwhile, wireless charging offers a power output of up to 15W, ensuring efficient operation. These two options make the power bank a versatile tool for charging various devices.

Stand Function

An innovative feature of Baseus MagPro Magnetic is the ability to transform it into a stand with a 60-degree tilt angle. This allows users to use the device in either a vertical or horizontal position after attaching it to the phone and adjusting the rear panel.

Safe Usage

Safely using mobile devices is crucial, and Baseus MagPro Magnetic is equipped with numerous protections that safeguard both the power bank and the devices being charged. Overcharging protection, overvoltage protection, and electrostatic protection are just a few of the features that provide peace of mind and safety during usage.

Compact Design and Portability

Small dimensions and a lightweight design (158.9g) make Baseus MagPro Magnetic exceptionally practical and easy to carry during travels. It easily fits into a purse or backpack, always within reach when you need it most. The black color and elegant design make it not only functional but also stylish.
