Smart Visual Ear-Clean Rod Bebird M9 S (blue)

Bebird M9 S Ear Cleaning Camera Otoscope (Blue)

Take comprehensive care of your ears with the Bebird M9 S Otoscope, featuring a high-quality camera capable of capturing 10 MP resolution images, allowing you to record the interior of the ear canal in high-quality 1080P. The dedicated application allows real-time monitoring of recordings. The device offers up to 90 minutes of operation on a single charge, and the included tips make earwax removal hygienic and convenient. Furthermore, the product is distinguished by its IP67 waterproof rating and magnetic construction, and it has been awarded the Red Dot Award for its design.

High-Quality Camera

The Bebird M9 S Otoscope utilizes a camera that records images in 1080P quality and 10 MP resolution at a speed of 20 fps. With a mere 3.5 mm endoscope diameter, this device is suitable for individuals with narrow ear canals. The dedicated Bebird application, available for free download on Android and iOS devices, allows real-time monitoring of camera images, facilitating precise ear cleaning and reducing the risk of damaging the delicate ear structure.

Attention to Detail

When designing the Bebird M9 S Otoscope, attention was paid to every detail. The device is resistant to dust, mist, and water at an IP67 level, allowing you to rinse it under running water. It has also received the Red Dot Award for design and innovation. The otoscope

automatically turns on and off when the cover is removed or placed. Turning it on activates the backlight. Thanks to intelligent temperature control, there is no need to worry about burns. Numerous certificates confirm the high quality of the product's craftsmanship.

Up to 90 Minutes of Continuous Operation

Forget about frequent recharging. The Bebird M9 S Oscope uses an efficient 230 mAh battery, providing up to 90 minutes of operation on a single charge. The included USB-C cable allows the device to be recharged in just an hour.

Included in the Package:

Oscope with protective cover

Replaceable ear tips x9

Standing base

Alcohol-soaked swab (for lens cleaning) x3

Charging cable
