Ref: 6902048137622

### Bluetooth Wireless Speaker Nillkin X-MAN (Blue)

Designed with outdoor enthusiasts and military style enthusiasts in mind, the Nillkin X-MAN wireless speaker combines durability and functionality. This speaker not only impresses with its minimalist design but also offers convenience with a sturdy carabiner, high-quality sound, and long battery life. Equipped with advanced Bluetooth features, it is waterproof and easy to transport, making it the perfect companion for anyone who values mobility and sound quality.

### Portability and Durable Construction

The Nillkin X-MAN stands out with its military-style silicone casing, providing durability and resistance to everyday impacts. The large, sturdy carabiner allows you to attach the speaker to a backpack, belt, or tent, which is especially useful for hiking, camping, or outdoor workouts. The robust construction makes it an ideal choice for those leading an active lifestyle.

### High-Quality Sound

With 45mm speakers and a 50 x 90mm vibrating diaphragm, the Nillkin X-MAN delivers clear and powerful sound. A frequency range of 80Hz-20KHz and a signal-to-noise ratio above 75dB ensure that every note and tone is reproduced with precision, which is essential for music enthusiasts who value high sound quality.

#### Advanced Bluetooth Features

Supporting Bluetooth version 4.0 and A2DP, AVRCP, HFP, and HSP modes, the Nillkin X-MAN speaker allows seamless pairing with various devices. With a transmission range of approximately 10 meters, you can move freely without compromising the connection quality. Additionally, easy-to-use buttons enable quick music and call management, which is especially useful when on the go.

#### Long Battery Life and Functionality

Equipped with a built-in 5200mAh battery, the Nillkin X-MAN speaker provides over 10 hours of continuous playback, crucial for users who don't want to be restricted by frequent charging. LED indicators displaying the battery level and Bluetooth connection status are intuitive to use, and the USB charging capability and USB output 5V/1A make it even more practical.

#### Resistance to Outdoor Conditions

With an IPX4 waterproof certification, the speaker is resistant to splashes, which is particularly important for outdoor use. The ability to listen to music in various weather conditions without worrying about device damage adds extra value to the Nillkin X-MAN speaker for active individuals who spend time outdoors.

#### Package Includes

- Speaker x 1
- USB Cable x 1
- AUX Cable x 1
- Carabiner x 1
- Instruction Manual x 1
