

Smart Wireless Door/Window Sensor Wi-Fi Gosund S2

Ref: 6972391287732

Smart Wireless Door/Window Sensor Wi-Fi Gosund S2

Smart Wireless Door/Window Sensor Wi-Fi Gosund S2

Ensure the safety of your home. The intelligent sensor Gosund S2 will help you with this - if someone opens a window or door in a selected room, you will immediately receive a notification on your phone. This allows you to react promptly! The device is compatible with Tuya Smart, Smart Life, Amazon Alexa, and Google Assistant.

Stay in the Know

Mount the sensor on your chosen door or window - if someone opens it, the device will instantly send you a notification on your phone. This will allow you to quickly respond - check if everything is okay at home or if it's better to call for help.

Compatibility with Voice Assistants

The sensor is compatible with smart assistants Amazon Alexa and Google Assistant. So, you can control it with your voice! Now, just a few words are enough to find out, for example, whether the doors or windows in the selected room are open.

Impressive Performance

The sensor requires two AAA batteries, which will last for approximately 6000 alarm triggers. Don't worry about the need for frequent battery replacement! You also don't have to worry about the device suddenly disobeying you. When the batteries are running low, you

will receive a relevant notification in the app - this way, you can easily replace them with new ones!

Brand

Gosund

Model

S2

Power Supply

2x AAA batteries

Operating Time

Approximately 6000 alarm triggers

Standby Current

8 uA

Alarm Current

≤ 80 mA

Wi-Fi Frequency

2.4 GHz IEEE 802.11b/g/n

Operating Temperature

From 0°C to 40°C

Operating Environment Humidity

20%-85% RH

Storage Temperature

From 0°C to 60°C

Storage Environment Humidity

20%-90% RH
