Mini travel wall charger Choetech PD6011 PD65W GaN slim USB-A+C (white)

Ref: 6932112106391

Choetech PD6011 PD65W GaN slim USB-A+C network charger (white)

Choetech mains charger allows you to quickly charge 2 devices simultaneously. It uses GaN technology, which translates into better heat dissipation, high operating efficiency and a smaller charger design. What's more, the included adapters allow you to use PD6011 abroad.

Fast charging

The charger supports such fast charging protocols as PD3.0, PPS, QC3.0 and Apple-2.4 A. In addition, it uses 67 W max power, so you will renew your equipment's energy in a short time. Moreover, it offers USB-A and USB-C ports, allowing you to charge 2 devices simultaneously. It will successfully renew the energy of your smartphone or laptop.

Lightweight and compact

You can use the Choetech PD6011 mains charger wherever you want. The product is distinguished by its small and lightweight design, so you can successfully take it on vacation or on a business trip. Thanks to its flat design, the charger will fit into tight spaces - when, for example, the outlet is behind the bed or a cabinet. In turn, the included adapters allow you to use the charger abroad.
