Ref: 6950589913021

Wireless Vertical Mouse Dareu LM138G 2.4G 800-1600 DPI (blue-white)

Dareu LM138G 2.4G Wireless Vertical Mouse 800-1600 DPI (Blue-White)

The Dareu mouse provides long-lasting comfort with its ergonomic design. The vertical design ensures wrist pain relief, making it suitable for extended use, even during work. The 2.4G connection ensures stable and fast signal transmission without interference, and you can adjust the mouse's speed to your preference.

Wireless Connection

Free yourself from cables and opt for wireless solutions. The Dareu mouse connects to your computer using 2.4G technology, allowing you to enjoy a high-quality, interference-free connection up to 10 meters away. Moreover, a USB adapter is included in the package, and thanks to the plug-and-play system, you don't need to install additional drivers to set up the device for work.

Ergonomic Design

The vertical mouse construction ensures long-lasting comfort without causing wrist pain. You can use it for many hours, such as during work, without feeling fatigued.

DPI Adjustment

The Dareu mouse is suitable for both work and gaming or web browsing. It is equipped with a DPI button that allows you to adjust the

sensitivity to 800/1200/1600, making it easy to customize its performance to your preferences.
