Ref: 6971883204486

Cheerble Wicked Mouse Plus Interactive Cat Toy (green and white)

Cheerble Wicked Mouse Plus is an interactive cat toy in the shape of a small mouse that escapes from your furry cat while stimulating its hunting instinct. It offers 2 modes - Gentle and Normal, which will allow you to customize the fun to your cat's character. It intelligently avoids obstacles, and when it gets stuck under furniture, it emits a quiet beep to help you find the toy. It's made of durable and hard-wearing materials, and the built-in rechargeable battery ensures long run time.

2 speeds to choose from

The Cheerble toy allows you to choose from 2 modes - Gentle and Normal, allowing you to adjust the play to your cat's character. Normal mode stimulates the hunting instinct in energetic furries. Gentle, on the other hand, is perfect for shy or younger cats, ensuring that they enjoy playing without too much stress.

Taking care of your cat

Cheerble will take care of your pet's healthy balance between play and rest! After an intense 10 minutes of play, it goes into sleep mode for 40 minutes, giving your cat time for a well-deserved rest. Your pet still wants to continue playing? No problem! Just gently touch the toy to activate it at any time!

Intelligent solution

The interactive toy is designed to automatically avoid obstacles and move smoothly over a variety of surfaces, including tiles, panels and short-pile carpets. What's more, if the device gets stuck for more than 10 minutes under furniture or a couch, or its charge level is close to discharging, Wicked Mouse Plus emits a special beep. This solution makes it easier to locate the toy or reminds you to recharge it, providing uninterrupted entertainment for your furry friend.

Even more time to play

Now the fun with your cat can last even longer! Cheerble Wicked Mouse Plus provides up to 60 minutes of playtime on a single charge - all thanks to an improved 200 mAh battery. Renewing its energy won't take long - just connect the toy to the charge with a USB-C cable, and in just 30 minutes it's ready to go.

Thoughtful design

Cheerble Wicked Mouse Plus was created using non-toxic materials that are safe for your pet and the environment. The toy's compact design makes it easy to store anywhere, and the detachable wheels make maintenance easy. This makes it easy to keep it spotlessly clean, which any cat owner is sure to appreciate.
