Wall charger Acefast A61 GaN 2xUSB-A, 2xUSB-C PD45W EU (black)

Ref: 6974316282754

Acefast A61 GaN 2xUSB-A, 2xUSB-C PD45W EU (black) charger.

Ready for a revolution in charging? The Acefast A61 GaN Charger - a reliable power source that will meet your highest expectations! It has up to 4 charging ports, allowing you to charge several devices simultaneously. With an output power of up to 45W, it provides fast and efficient charging of both smartphones, tablets and other electronic devices. Thanks to GaN technology, it is not only extremely efficient, but also compact and lightweight, making it the perfect companion for both travel and home.

Fast charging at your fingertips

You'll never have to wait long to fully charge your devices again! The Acefast A61 offers maximum charging power of up to 45 watts, and supports multiple fast charging standards, including PD, QC, FCP or SCP. All this ensures that your devices will be charged at an express pace!

One charger, many possibilities

Now you only need one charger to power all your devices! The Acefast charger is equipped with up to four USB ports - two USB-C and two USB-A, allowing you to charge four devices simultaneously. It will be perfect not only for renewing the energy of smartphones or tablets, but also laptops and portable gaming consoles.

### A new era of charging - GaN technology

Discover the future of charging with the Acefast A61! The charger uses innovative GaN (gallium nitride) technology, which allows for incredible performance while maintaining a lightweight and compact design. It enables efficient use of energy, which means you can enjoy even faster charging of your devices. What's more, thanks to the use of GaN, it overheats much less, compared to traditional solutions, which guarantees not only the safety of your devices, but also a longer life of the charger itself.
