Earphones TWS Acefast T9, Bluetooth 5.3, IPX4 (avocado green)

Acefast T9 TWS Earphones, Bluetooth 5.3, IPX4 (green)

Immerse yourself in your favorite tunes wherever you are! Acefast T9 TWS Earphones guarantee excellent sound quality, whether you're listening to music, podcasts, or making phone calls. Thanks to the latest Bluetooth 5.3 version, they offer a reliable connection to your device, and their battery life with the charging case reaches up to 30 hours. They also have an IPX4 waterproof certification, making them the perfect companion for workouts and outdoor activities.

Sound that will bring your music to life

With Acefast T9, you'll experience sound that will transport you to a musical world! These earphones are equipped with 9-millimeter dynamic drivers, making the playback sound incredibly clear, with strong and immersive bass, providing you with the audio experience you deserve. Every note, every musical detail is faithfully reproduced, making music a true sensory delight.

Make phone calls anywhere you want

Now you can freely make calls from anywhere! Built-in microphones with intelligent noise reduction technology ensure crystal clear phone calls even in noisy environments. Crowded shopping malls, noisy train stations, or urban hustle and bustle - nothing will disrupt your conversation!

Music all day long - up to 30 hours of work

Ready for a music marathon? These earphones allow you to enjoy your favorite music for up to 6.5 hours on a single charge. And that's not all! When combined with the charging case, Acefast T9 offers an incredible 30 hours of continuous playback. That's enough time to easily get through even the longest day with your favorite soundtrack in your ears. What's more, just 10 minutes of charging gives you an additional 2 hours of usage.

Fast and stable connection

Whether you're using a smartphone, tablet, or laptop, Acefast T9 ensures smooth and trouble-free connections. Thanks to the latest Bluetooth 5.3 version, you can be sure that your connection to your device will not only be stable but also lightning-fast. Furthermore, these earphones are compatible with a wide range of devices, meaning you can pair them with any Bluetooth-enabled device.

Just a few touches are enough

Discover how easy and convenient it is to control your music! Equipped with intuitive touch panels, they make it easy for you to access key functions. Without taking your smartphone out of your pocket, you can adjust the volume, pause songs, answer and end phone calls, and much more. See for yourself how simple it is!

Designed for your comfort

Acefast T9 earphones combine exceptional comfort with reliability. Thanks to their incredibly lightweight construction, you can wear them for hours without feeling fatigued. They also have an IPX4 waterproof certification, meaning they are resistant to moisture and minor splashes. So you don't have to worry about damaging them when listening to music during workouts, running, or in rainy weather!
