

Filters PolarPro ND8/PL, ND32/PL, ND128/PL for DJI Osmo Pock

Ref: 810148700225

Filters PolarPro ND8/PL, ND32/PL, ND128/PL for DJI Osmo Pocket 3

PolarPro ND8/PL, ND32/PL, ND128/PL filters for DJI Osmo Pocket 3

The filters combine the effects of ND + polarization. They shorten the shutter speed and eliminate glare and reflections - they will come in handy when photographing water, for example. They were designed specifically for the DJI Osmo Pocket 3, and thanks to their lightweight design, they do not affect the use of the equipment. It was created with an aluminum frame and German CinemaSeries glass, which features low refractive index and color neutrality.
