

Thermometer gun Deko Tools CWQ01

Thermometer gun Deko Tools CWQ01

Ref: 6974491586791

Deko Tools Thermometer gun CWQ01

The Deko Tools CWQ01 pyrometer is an extremely useful and easy to use device. It can measure the temperature of many different objects without contact and has a response time of just 0.5 seconds. The D:S 12:1 optics ensure precision when measuring, and with a temperature range of -50 °C to 400 °C, the device is suitable for both domestic and industrial use. For power supply, 2 AAA batteries are sufficient.

Speed and precision

The Deko Tools CWQ01 pyrometer is distinguished by its fast response time (0.5 s) and wide temperature range (from -50°C to 400°C). It enables safe, non-contact temperature measurement with an accuracy of 1.5°C above zero and 3°C below zero. The built-in display makes it convenient to read the values.

All-round performance

The Deko Tools CWQ01 pyrometer will serve to measure temperature in many different situations. With a range from -50 °C to 400 °C, the device allows you to check the temperature of boiled water in a kettle, a computer case or machine parts without contact. Its emissivity is 0.95 and is a constant value.

Manufacturer

Deko Tools

Name

Pyrometer Deko Tools CWQ01

Model

CWQ01

Temperature range

-50~400°C (-58~752°F)

Accuracy

≥0°C: ±1.5°C, <0°C: ±3°C

Spectral response

8-14 um

Resolution

1% of reading or 1 °C

Response time

0,5 s

D:S

12:1

Emissivity

0.95, non-adjustable

Working temperature

0~50°C (32~122°F)

Operating humidity

10-90% RH non-condensing

Storage temperature

-20~60°C(-4~140°F), without battery

Power supply

2x AAA (not included)

Preço:

Antes: € 10.5042
