

Mechanical gaming keyboard Motospeed K82 RGB (black)

Ref: 6953460596597

Mechanical gaming keyboard Motospeed K82 RGB (black)

Motospeed K82 Mechanical Keyboard

The Motospeed K82 is a keyboard without number pads. Its small size increases its mobility, so you can take it just about anywhere. What's more, it takes up less space on your desk, providing more room for comfortable gaming. The customizable RGB backlighting gives it a fantastic gaming feel, and the ability to lock the Windows key helps prevent accidental key presses and unwanted interruptions to your game.

Modern design

The Motospeed K82 keyboard will become the highlight of any desktop thanks to its modern design. With its true e-sports look, this timeless device surprises not only with its functionality, but also with its unique, stylish design. The gaming LED backlighting gives you full control of the keys even in complete darkness. Choose from 14 effects and enjoy not only functional, but also visual advantages.

Durability

The Outemu Blue mechanical switches have a lifespan of 50 million clicks, which makes them extremely durable. Don't worry about destroying your keyboard in the middle of an intense game - this rugged device will serve you for years to come. Their response time is extremely fast, which will guarantee you better results - especially in online games.

More possibilities

The keyboard is equipped with 12 function keys. You can quickly adjust the volume, surf the Internet, switch tracks and more. Don't want to accidentally turn off the game when you least expect it? Lock the Windows key and don't worry about a thing.
