

Water flosser with nozzles set Bitvae BV 5020E White

Ref: 6973734201729

Water flosser with nozzles set Bitvae BV 5020E White

Bitvae BV 5020E Irrigator with Nozzle Set (White)

Discover a new level of oral hygiene with the Bitvae BV 5020E irrigator. This sleek black model combines advanced technology with ease of use, offering up to 21 days of operation on a single charge. The complete set, including the irrigator, four nozzles, two USB cables, and a toothbrush with four interchangeable heads, provides versatile care and effective protection for your teeth and gums.

Long Operating Time

The Bitvae BV 5020E irrigator stands out with an exceptionally long operating time. After a full charge in just 4 hours, the device is ready for use for 21 days, making it perfect for busy individuals and travelers. This feature minimizes the need for frequent charging, giving you more time for daily tasks.

Ease of Use

The ergonomic design of the BV 5020E irrigator and intuitive controls make daily use a breeze. Its compact size fits perfectly in any bathroom and is also convenient for travel. Additionally, the device is easy to clean, enhancing its user comfort.

Effective Toothbrush Included

The set also includes a toothbrush with four interchangeable heads, allowing for effective oral hygiene. Designed to work with the

irrigator, the toothbrush ensures thorough cleaning of teeth and interdental spaces.

Fast USB Charging

With two included USB cables, the Bitvae BV 5020E irrigator can be charged anywhere. The quick charging time of just 4 hours is another advantage of this device, allowing for rapid preparation for use even in emergencies.
