Holder, phone stand Omoton CA02 (black).

Make your everyday life easier with the Omoton CA02 stand. The accessory allows you to adjust the height from 160 to 210 mm, as well as the angle of inclination up to 45 degrees. It stands out for its compatibility with smartphones with a maximum diagonal of 7 inches, and thanks to its stable design you can be sure that your device is safe. Its installation and removal will not be a problem for you.

### Tailored to your needs

Ensure maximum comfort while watching movies and playing games! The stand will be great for everyday use. It will allow you to comfortably cook your favorite YouTube dishes or take online classes - you no longer need to hold your smartphone in your hands all the time. Thanks to its adjustable height (160-210 mm) and tilt angle (10-45°), you can easily adjust it to your expectations. The stand will not only provide you with the optimal position of the screen, but will also help you maintain proper posture, eliminating neck pain and muscle tension.

### Compatible

You don't have to worry about compatibility - the Omoton mount fits most smartphones with a diagonal of 3.5-7". You can easily place models such as iPhone 11 Pro, Samsung Galaxy S20 or Huawei Nexus 6P on it. You don't even have to remove the case - the stand allows you to comfortably use your phone in a case with a maximum thickness of 19 mm.

#### Hassle-free charging

Thanks to the carefully considered design of the stand, you can freely charge the phone placed on it. The product has a special opening that will make it easy for you to access your device's charging port. Silicone non-slip pads protect your phone from scratches and also provide the necessary stability, eliminating the risk of it sliding on the surface of your desk.

#### Solid construction

High-grade aluminum alloy was used to make the stand, which is characterized by high strength and wear resistance. It has a special additionally weighted base that guarantees the necessary stability. So you don't have to worry about knocking the stand over! Its assembly and disassembly is child's play. After folding, you will successfully fit the stand into your backpack and take it with you on your travels to enjoy a comfortable one, no matter where you are.
