

## Smart socket Blitzwolf BW-SHP15, ZigBee, 3680W

Ref: 5905316141186

Smart socket Blitzwolf BW-SHP15, ZigBee, 3680W

### Blitzwolf Smart ZigBee Socket

The intelligent ZigBee socket is a functional device, that will be useful in many homes. Thanks to the ZigBee gateway panel, you can easily and efficiently connect it with other devices of this type. The socket has multiple time modules depending on your needs. You can control it manually using a special app or by voice using the Alexa voice assistant.

### ZigBee 3.0 protocol

For proper operation of the equipment you need a Tuya ZigBee 3.0 gateway, available in our assortment. The socket can also be connected with other ZigBee sensors.

### Combine them together

Mix ZigBee devices together and enjoy a smarter life. With three ZigBee products like smart outlet, control panel and sensor, you won't have to take care of the house, but the house will take care of you.

### Simple schedule

Control the uptime of your equipment with a simple phone app. You don't have to worry about forgetting to turn off your iron anymore, with ZigBee any electronic device can be turned on or off remotely.

#### Control by voice

Monitor your home using only your voice. All you have to do is connect to the voice assistant Alexa or Google Home. Managing your life has never been so easy.

#### Surveillance power consumption

Check your current, daily or monthly power consumption and learn how to save energy efficiently.

#### Reliability

The smart outlet is made of durable fireproof materials to keep you and your family as safe as possible. It has a child lock function and a security switch.

#### Manufacturer

Blitzwolf
