PGYTECH OneMo Sling 11L Camera Bag (Gray)

The PGYTECH camera bag is an indispensable tool for every photography enthusiast. With a capacity of 11 liters, it can accommodate all the essential elements of your photographic equipment. It is made of waterproof material, so you don't have to worry about your gear when shooting in the rain or challenging weather conditions.

All Your Gear in One Bag

Now you can easily pack all your gear for outdoor photo sessions without any hassle! The bag offers a capacity of up to 11 liters, which can be easily expanded by an additional 2.5 liters. This is plenty of space to accommodate a camera, 3 additional lenses, spare batteries, and many other essential accessories. Moreover, it is equipped with special compartments that make it easy to keep things organized – you can customize their arrangement according to your preferences and the type of equipment you plan to carry.

Attention to Detail

The PGYTECH bag has been designed with attention to the smallest details. It offers plenty of small pockets that are perfect for storing cables, batteries, your phone, AirTag, and many other accessories. The OneMo Sling also features special mounts for cameras, and on the bottom of the bag, there are straps that allow you to comfortably carry a tripod.
