### PGYTECH Protective Bag Size M (Mosaic)

The PGYTECH protective bag is the perfect solution for those who value the safety and functionality of their accessories. Made from innovative polymer material, it ensures durability and reliability. The P-CB-142 model, featuring a mosaic pattern and RoHS certification, offers versatile applications, from protecting photographic equipment to everyday gadgets. Its lightweight design (100g) and compact dimensions (450 x 450mm) make it the ideal companion for every day.

### Durable Polymer Material

The main advantage of the PGYTECH bag is its high-quality polymer material construction. This makes it resistant to wear and maintains its original appearance for a long time. This material, processed using nanotechnology, also provides strong bonding strength, ensuring that the bag retains its properties even after multiple washes.

### Universal Application

The PGYTECH bag easily accommodates a variety of items, from cameras, lenses, small tripods, filters, to iPads. Its versatility makes it an ideal solution for both professionals and photography enthusiasts, as well as those looking for a practical accessory to store everyday items.

#### Protection Against Scratches and Impact

The ripstop material from which the bag is made provides effective protection against scratches and impacts. This feature is especially important for people looking to safeguard their valuable electronic devices.

#### Easy Maintenance

Although the bag is not waterproof, its maintenance is easy and does not require special care. It is recommended to hand wash it in water not exceeding 40°C, using a mild detergent. Natural drying ensures that the bag retains its protective properties and aesthetic appearance.
