

Wired Gaming Mouse Havit MS960

Wired Gaming Mouse Havit MS960

Ref: 6950676299502

Havit MS960 wired gaming mouse

The Havit MS960 mouse was created specifically for passionate gamers, offering unparalleled precision and comfort. It offers an impressive resolution range that can be adjusted from 1200 to as high as 7200 DPI, and the ergonomic design guarantees comfort and convenience during long gaming marathons. It easily connects to your computer via a USB port, ensuring a stable connection and fast response during gameplay.

Maximum precision

Gain the edge over your opponents and achieve your gaming goals! The Havit MS960 allows you to adjust the resolution at up to six different levels - 1200, 1800, 2400, 3600, 4800 and 7200. Whether you need precise aiming control in shooters or dynamic movement in fast-paced action games, you can adjust the sensitivity of the mouse to your own preferences.

Comfortable grip and striking backlighting

The mouse is designed to keep you comfortable during gameplay. Its ergonomic design guarantees a comfortable grip that allows you to play for long periods of time without feeling tired or uncomfortable. It also features colorful RGB backlighting, which gives it a unique look and adds striking style to your gaming station.

Comfortable web surfing

The Havit MS960 will make everyday computer use a real pleasure. The mouse features side buttons with an undo and forward function, allowing you to smoothly browse your favorite websites or applications. What's more, the life of the buttons reaches up to 3 million clicks, so you can be sure that it will serve you well for a long time.
