### C1 Omoton Phone Holder / Stand (rose gold)

The Omoton C1 phone holder is distinguished by its sturdy, well-thought-out design and is extremely comfortable to use. It will provide you with an optimal viewing angle while watching videos on your smartphone, and thanks to its non-slip pads it guarantees exceptional stability. The accessory is also distinguished by its wide compatibility - you will successfully place phones and tablets with a diagonal of up to 11" on it.

### Improved design - wide compatibility

The stand is made of durable aluminum alloy, making it incredibly stable and durable. It also features an enlarged design - it will easily hold even large smartphones and tablets. It is compatible with devices up to 11" diagonal. This means that it will work great with iPhones, iPads and Samsung, LG or Sony phones, for example. You don't even have to take your smartphone out of the case (up to 12mm)!

### Additional conveniences

The C1 mount will allow you to conveniently charge the devices placed on it. It is equipped with special holes through which you can easily pull the cable. This will ensure that your smartphone will not be discharged at the least opportune moment! You will also make it easier to keep your desk tidy. What's more, the stand has non-slip silicone pads that protect the equipment placed on it from scratches

and guarantee greater stability.

#### Multiple uses

This practical stand will be great for a variety of uses. For example, it will provide you with an optimal viewing angle while watching TV series on your tablet or phone. It will also make it easier for you to take notes and participate in video conferences. You can also set it on your bedroom coffee table to have your smartphone within easy reach when you lie in bed. The holder will also come in handy in the kitchen - it will allow you to conveniently cook dishes using recipes from YouTube.
