Smartwatch Blitzwolf BW-GTC3 (Black/Black Steel)

Smartwatch Blitzwolf BW-GTC3 (Black/Black Steel)

Blitzwolf BW-GTC3 is not just a smartwatch, it's your indispensable tool for health care and communication assistance. Whether you need to monitor health parameters, train at the gym, or stay up-to-date with calls and notifications, this watch is ready to meet your expectations. Discover the smart world on your wrist today!

Your Health Care Assistant

The BW-GTC3 is more than just a regular watch. It allows you to monitor your health continuously. It measures heart rate, blood pressure, blood oxygen level, steps, and calories burned during physical activity. The sleep monitoring function helps you understand the quality of your sleep and make improvements for even better rest.

Diverse Sports Functions

For physical activity enthusiasts, the BW-GTC3 offers a variety of sports modes, including running, cycling, basketball, soccer, mountain climbing, and many more — over 120 different sports modes at your disposal! This way, the watch helps track your training progress and achievements.

Connectivity and Control

Mobilemax - Gadgets and Accessories

Rua Vasco da Gama n61, 8005-411, Estoi - Faro, Portugal
(Continente)

Telephone: +351962484153
(Chamada para rede móvel nacional)

The Blitzwolf watch is equipped with dual Bluetooth: 5.1 and 3.0, allowing you to connect it with multiple devices simultaneously. Moreover, this enables making phone calls, controlling music playback, and using the voice assistant. The watch also has an IP67 waterproof rating, making it resistant to splashes and dust. You can use it even in the rain or during intense workouts.

Thoughtful Construction

The BW-GTC3 has a solid structure with a casing made of CNC zinc processing and a PC cover. Moreover, it is equipped with a 1.99-inch touchscreen, making its operation very easy and comfortable. Its built-in 250 mAh battery allows you to use the device for 6 to 10 days, but if you use the dual Bluetooth connection, this time is 3-6 days. The standby time is 15 days. Don't worry when its energy runs out — you can recharge it in 180 minutes with the magnetic charger included in the set.
