

Phone holder 1/4" PGYTECH (P-CG-012)

Phone holder 1/4" PGYTECH (P-CG-012)

Ref: 6970801336773

Universal smartphone holder PGYTECH P-CG-012

Gain more recording options with your smartphone. The PGYTECH P-CG-012 universal holder is equipped with a 1/4" threaded hole and Cold Shoe mount, allowing you to mount a variety of additional accessories on it. It is also compatible with the Arca-Swiss mounting plate. It's foldable, lightweight and portable so you can carry it with you at all times. Fits phones up to 9cm wide.

Free installation of accessories

Enlarge the capabilities of your smartphone and create even more interesting content. The Cold Shoe mount allows you to attach a microphone or additional lighting, for example, and the 1/4" threaded hole is compatible with tripods, among other things. Want more? The mount fits Arca-Swiss plates, allowing you to quickly and conveniently mount other useful accessories.

Compatible with your smartphone

No matter what phone you're using - the PGYTECH P-CG-012 mount is sure not to let you down! The product can handle smartphones from 6cm to 9cm wide. This means that it is compatible with most popular devices available on the market. Moreover, the refined design of the product will keep your phone safe and stable.

Can accompany you almost anywhere

Don't miss the opportunity to take an interesting shot! The handle is so light and handy that you can always have it at hand. When something catches your eye, just take it out and use it however you want! The foldable design of the accessory makes it much easier to transport. The handle will not take up too much space in your purse or backpack, and if necessary you can even fit it in your pocket!
