Wireless Bluetooth Speaker Tronsmart T7 (Turquoise)

From now on, music can accompany you at all times. The wireless Tronsmart T7 speaker uses SoundPulse Audio technology, providing balanced and defined sound, while the IPX7 protection rating allows you to take the device on any adventure. The dedicated app allows you to personalize the sound, and thanks to practical buttons, you can make phone calls, manage music playback, and much more! The device supports Bluetooth 5.3, ensuring a stable connection up to 18 meters away. Additionally, the LED backlighting creates a unique atmosphere. A single charge provides even up to 12 hours of work.

Sound that Fills the Space

Are you a true music lover who values excellent sound quality? Tronsmart's proposal will undoubtedly meet your expectations! The T7 speaker uses advanced SoundPulse technology, based on a patented algorithm, ensuring balance, richness of details, and sound clarity. The combination of two high-frequency speakers and one low-frequency speaker efficiently generates three-dimensional sound, immersing you in music from all sides. Now, every track will gain in quality, giving you the impression of listening to your favorite artists live.

Always Ready for Action

Let nothing stop you. The T7 speaker stands out with its IPX7 waterproof rating, allowing you to enjoy your favorite music in any

conditions - even during a beach picnic or in the shower. It also offers original backlighting. Get carried away by visual attractions thanks to 4 impressive LED modes and discover new dimensions of sound with Tronsmart, your key to amazing musical experiences!

Take Control with the App

Connect to the speaker using the Tronsmart app and gain full control over the sound. Customize the sound by adjusting various EQ modes, such as SoundPulse, Deep Bass, or Classical, and control the LED lighting effects. With T7, every party and music event will become a real show!

Ability to Connect 2 Speakers

Want to completely fill the space with stereo sound? The T7 speaker allows you to fulfill your dream thanks to the True Wireless Stereo Pairing feature. It's simple - just pair two T7 speaker units, and you'll experience incredible sound quality. Overwhelming bass, crystal-clear high tones, and deep low sounds will take you on a musical journey you won't forget!

Comfort-Oriented

The T7 speaker is designed with your comfort in mind. Practical buttons allow, among other things, smooth track scrolling, answering, ending, or rejecting incoming calls, and launching the voice assistant. The knob allows you to precisely adjust the sound level, and by turning it counterclockwise, you can quickly and easily reduce the volume of the music. The device supports a stable Bluetooth 5.3 connection up to 18 meters away, and thanks to the TF card slot, you can also enjoy your favorite tracks directly from the card. Additionally, the automatic power-off function after 10 minutes of inactivity saves battery power, ensuring longer playback time.

Music Without Limits

The T7 speaker is an exceptionally durable music companion. With a 700mAh battery capacity, you can enjoy music for up to 12 hours (when using LED lighting) or 7 hours (when the lighting is off). This is a long enough time to provide audio entertainment for the entire picnic, weekend getaway, or long journey. Charging the device takes about 3 hours. The colorful indicator will inform you about its status.
