BT Headphones Esperanza EH208K

The Esperanza EH208K BT headphones are an excellent choice for those who appreciate both high sound quality and comfort. Using the latest Bluetooth v.5.0 technology, these stereo headphones guarantee a stable connection over a distance of up to 10 meters, allowing freedom of movement without sacrificing sound quality. With a built-in microphone, long-lasting battery and comfortable design, the EH208K are ideal for long trips, work and everyday use.

Reliable connectivity: Bluetooth v.5.0

Kluczową cechą słuchawek Esperanza EH208K jest ich zaawansowana technologia Bluetooth v.5.0, która zapewnia stabilne i szybkie połączenie z urządzeniami na odległość do 10 metrów. To nie tylko zwiększa mobilność użytkownika, ale także gwarantuje, że dźwięk jest klarowny i wolny od zakłóceń, co jest nieocenione podczas słuchania muzyki czy prowadzenia rozmów telefonicznych. Dodatkowo obsługiwane profile Bluetooth, takie jak HSP, HFP, A2DP, i AVRCP, zapewniają kompatybilność z szerokim zakresem urządzeń.

Maximum comfort: soft ear cushions and flexible headband

The Esperanza EH208K are designed for comfort, even during long listening sessions. The large, soft ear cushions covered with leather-like material not only perfectly suppress external noise, but also provide comfort and minimize pressure. The flexible, easily adjustable headband allows for a perfect fit to the shape of your head, which is especially important during long trips or long hours of

work.

Built-in microphone and long-lasting battery

The built-in microphone on the EH208K headphones allows you to make phone calls and chat over the Internet without having to reach for your phone. This feature is particularly useful in a work environment or while traveling. In addition, the high-capacity battery allows you to use the headphones for long periods of time without constant charging, which is ideal for those who actively use mobile devices.
