

## Esperanza TK101UA Titanium USB keyboard (ukrainian)

Ref: 5901299926956

Esperanza TK101UA Titanium USB keyboard (ukrainian)

Esperanza Titanium TK101UA USB Keyboard (Ukrainian)

The Esperanza Titanium TK101UA keyboard is a wired model with a Ukrainian key layout that combines the basic functions needed for everyday work. Its ergonomic shape and flexible keys make it comfortable to use, even during prolonged typing. Its sleek black design makes it fit in well on any desk.

Ukrainian alphabet on the keys

The Esperanza Titanium TK101UA keyboard is distinguished by the presence of letters derived from the Ukrainian alphabet on the keys, which is particularly useful for users who write in Ukrainian. This feature makes the keyboard ideal for people who speak this language....

Durability

The manufacture of high-quality materials and the use of modern UV technology for printing letters and symbols, with an additional protective layer, increases the resistance of the keys to abrasion. This is important for those who frequently use the keyboard, ensuring a longer life.

Compatibility

The keyboard is compatible with popular operating systems such as Windows XP, VISTA, 7, 8, and 10, making it a universal choice for

many users. It can be easily connected to various devices thanks to its standard USB connection.

#### Additional Information

The keyboard measures 442 x 140 x 22mm and has a cable length of 1.45m, making it easy to fit into your work space. As an added bonus, it is protected against electromagnetic interference, which is important in an environment with many electronic devices.
