Ref: 6921002655705

2in1 Audio Adapter Mcdodo CA-5570 2in1 USB-C to 2x USB-C

2in1 Audio Adapter Mcdodo CA-5570 2in1 USB-C to 2x USB-C
The Mcdodo CA-5570 audio adapter not only allows you to connect USB-C headphones to your selected device equipped with a USB-C port but also enables fast PD 60W charging. It works perfectly for watching movies, playing games, and making phone calls, providing lossless sound quality and exceptional durability. It will serve you well for a long time.

Excellent Sound Quality
Don't worry about noise, interference, unpleasant noises, or any other disruptions. The adapter is equipped with a high-quality HD audio chip that guarantees lossless, high-fidelity sound quality. Enjoy clear sound and rediscover your favorite songs!

Charging and Audio Playback Simultaneously
The adapter features 2 USB-C ports - one for connecting headphones and the other for fast charging (PD 60W) of your connected device. This allows you to watch movies, conduct live streams, or participate in video conferences without worrying about your phone or tablet unexpectedly running out of power.

Even More Possibilities
Talk on the phone conveniently and enjoy high-quality audio. The adapter supports phone call functionality, providing clear, noise-free

sound. However, that's not the end of its capabilities - the CA-5570 model is compatible with headphones equipped with control buttons. So, you can easily adjust the volume, skip songs, or answer calls without having to unlock your smartphone every time. Note: Some pilot functions are not supported for iPhone 15.

Wide Compatibility
Don't worry about compatibility issues. The adapter works perfectly with most USB-C headphones and devices such as smartphones, tablets, or laptops. No matter what device you use on a daily basis, with Mcdodo, you can enjoy great sound quality in almost any situation.

Enhanced Construction
Multi-layer shielding makes the adapter resistant to interference, so you don't have to worry about annoying noise. The product is also very durable - the aluminum alloy casing protects it from damage and wear. Its cable and connectors are also very durable - you don't have to worry about them failing too quickly.
