

Battery Telesin for GoPro Hero 11 / Hero 10 / Hero 9 (1750 m)

Ref: 6972860172255

Battery Telesin for GoPro Hero 11 / Hero 10 / Hero 9 (1750 m)

Telesin Battery for GoPro Hero 11 / Hero 10 / Hero 9 (1750 mAh)

Record even longer and create more engaging footage. Supporting fast charging, the battery pack for GoPro Hero 11 / 10 / 9 by Telesin features a capacity of up to 1750mAh and provides up to 112 minutes of run time. It is fully compatible with your camera and provides the safety of use you want.

Even more capacity and faster charging

Why choose a Telesin product? Its capacity is 1750mAh, while the capacity of the original GoPro battery is 1720mAh. An extra 30mAh can make all the difference! What's more, the device supports fast charging. Plug it into a power source and see that it is able to charge in less time than the original GoPro product.

Even 112 minutes of recording

Freely record stunning footage and don't worry that your camera will refuse to work when you least expect it. The durable Telesin battery guarantees an impressively long runtime. Using it, you can record 5K/30FPS videos for about 90 minutes, 4K/60FPS for up to 72 minutes, and 4K/30FPS for up to 112 minutes!

Intelligent security system

The battery is designed to serve you perfectly for a long time. It is equipped with intelligent technologies that protect it against short circuits, overheating and overvoltage, among others. You no longer have to worry about damaging the device too quickly!

Fully compatible with GoPro Hero 11 / Hero 10 / Hero 9

Worried about possible compatibility issues? Don't be! The Telesin battery works perfectly with GoPro Hero 11 / 10 / 9 cameras. Say goodbye to pop-ups and errors - now you can seamlessly record fantastic footage for as long as you want and enjoy the benefits of fast charging.
