Headlight Warsun WD09B, 200lm, 1x18650 USB-C

Warsun WD09B headlamp flashlight, 200lm, 1x18650 USB-C

Warsun WD09B is a multitasking headlamp that provides precise illumination where you need it. With three light sources, it provides a brightness of up to 500 lm and 5 modes for different situations - including emergencies. Its durable and lightweight design makes it comfortable and safe to use in the field.

Reliable illumination

The flashlight offers 3 light sources and uses advanced LEDs - 1 x T6, 6 x COB and 4 x SMD, so it shines not only strongly, but also efficiently. With five light modes: Strong, Weak, SOS, White Light and Red SOS Light, you can easily adjust the intensity and type of light to suit your current needs. That's versatility for your needs!

Weatherproof

The flashlight's construction is made of aluminum alloy and ABS, which makes it highly durable and resistant to drops from 2 meters. With IPX5 waterproof certification, the flashlight will perform well in harsh weather conditions, offering a reliable source of light when you need it most.

Long-lasting operation and fast charging

Mobilemax - Gadgets and Accessories

Powered by a single 18650 battery with a capacity of 2200 mAh, the flashlight guarantees an operating time of 6 to 16 hours, allowing for prolonged use without the need for frequent refills. In addition, thanks to the USB-C port, charging is convenient and takes about 3 hours.

With safety in mind

Warsun WD09B offers several features with which you are ready for any situation. A red warning light provides safety in case of an emergency and will help you call for help. A motion sensor allows you to easily turn on the light with a hand gesture, which is especially useful during activities in difficult conditions.

Lightweight and compact

Despite its advanced features and rugged design, the Warsun WD09B flashlight impresses with its light weight. It weighs just 77 g and is small (78 x 39 x 49 mm), making it convenient to carry. You will successfully take it wherever you need a bright and reliable light source.
