Headlight Warsun W07B, 500lm, 800mAh, M-USB

Ref: 6976337900730

Headlight Warsun W07B, 500 lm, 800 mAh, Micro USB

The Warsun W07B Headlamp is an invaluable companion for your outdoor adventures. With efficient LEDs, a runtime of up to 12 hours, and a durable construction, you won't have to worry about lighting during mountain hikes or DIY projects. Additionally, it offers multiple operating modes to adapt to your specific needs.

High-Performance Light Source

Equipped with x1 T6 diode and x2 LEDs, the Warsun W07B headlamp produces 500 lumens of light. You can use it during challenging walks, workshop repairs, or nighttime bike rides. You can also choose between high and medium brightness levels, as well as solid red light or strobe mode.

Long Battery Life

The 800 mAh lithium-polymer battery allows the headlamp to run for approximately 5-12 hours on a single charge. Moreover, a dedicated battery indicator will keep you informed about the battery level, so you don't have to worry about sudden power outages. You can recharge the W07B in about 2 hours using a micro USB cable.

Robust Construction

The W07B headlamp is designed to withstand tough conditions. It is resistant to falls from heights of up to 2 meters and can handle water up to 5 ATM, ensuring it won't let you down in challenging weather conditions.

Refined Design

The Warsun W07B headlamp offers additional features for enhanced user convenience. With the adjustable light angle feature, you can customize its operation up to 60° to suit your needs. Additionally, the motion sensor allows you to turn on the headlamp without pressing a button.
