

Electric Eyebrow Trimmer ANLAN ALXMB06-02 (white)

Ref: 6953156299368

Electric Eyebrow Trimmer ANLAN ALXMB06-02 (white)

ANLAN ALXMB06-02 eyebrow trimmer (white).

Precise electric facial trimmer will allow you to forget about the problem of unnecessary hair. It is suitable for many applications, and thanks to the motor working at 10000 revolutions per minute it impresses with its efficiency. The well-thought-out design allows you to use the equipment comfortably, and the built-in light allows you to accurately eliminate hair. The device is powered by a single AAA battery.

Multiple uses

You will use this multifunctional trimmer in many ways. It is suitable not only for adjusting eyebrows, but also for removing unwanted hair from around the mouth, nose or ear. With its help, you will quickly and without even the slightest problem get rid of unwanted hair from your face and enjoy beautiful, smooth skin.

Effective and skin-friendly

The device is equipped with a double-sided blade with a 360-degree rotation range, which does not irritate the skin and is completely safe for it. At the same time, it is distinguished by its incredible efficiency, for which a powerful trimmer motor is responsible. This allows you to remove even the most stubborn hairs with ease. The trimmer is also fabulously easy to use and easy to clean.

The precision you dream of

The trimmer guarantees incredible precision. It will help you accurately remove unwanted hairs and maintain the perfect line of your eyebrows. The built-in backlight will help you catch even the smallest hairs. What's more, the operation of the device is extremely simple - all you need is one button.

Have it with you at all times

The device is powered by a single AAA battery, making it extremely light and compact, weighing just 28g. Its pocket size means you can take it with you wherever you want. From now on, epilation will be painless and will not cause irritation!
