

3-slot waterproof charger Allin box Telesin for GoPro Hero 1

Ref: 6972860174013

3-slot waterproof charger Allin box Telesin for GoPro Hero 1

Telesin Waterproof 3-slot Charger for GoPro Hero 11 / Hero 10 / Hero 9

This practical, compact accessory allows you to quickly charge 3 batteries at once for your GoPro Hero 11 / Hero 10 / Hero 9. It will also be useful as a TF card reader, with which you can transfer files instantly. Thanks to its IP54 water resistance, you can use it on a daily basis. In addition, environmentally friendly materials were used during the production of the accessory.

Fast charging

With the fast charging feature, your GoPro Hero 11 / Hero 10 / Hero 9 camera will be ready to shoot in a short time. The accessory allows you to charge 3 batteries at once, and it takes about 2.5 hours to charge.

A 2-in-1 accessory

The charger has another function, it serves as a TF card reader. It supports the high-speed file transfer protocol over USB at up to 20MB/s. It only takes a minute to copy 1GB of data!

Water resistant

The Telesin charger has an IP54 water resistance rating, so you can use it freely without worrying about damage. Now you can renew the power of your GoPro Hero 9/ Hero 10 anytime, no matter where you are recording.

Functional design

The accessory is both stylish and functional. Its weight of only 147.6g and compact size make it easy to store. You can successfully fit it in your backpack or bag. Transport is easy with the included lanyard, which you can attach to your bag or hang on your finger. The product is made of environmentally friendly materials, which are characterized by high durability and resistance to fire, impact and possible damage.
