Sonic toothbrush with tips set and travel case BV E11 (Pink)

Sonic Toothbrush with Set of Tips and Case Bitvae BV E11 Pink (Pink)

Bitvae offers a comprehensive solution for a healthy smile. The sonic toothbrush supports various brushing modes, allowing you to customize its operation to your needs. In the set, you will find everything you need - from a case to interchangeable tips, so you can maintain oral hygiene anywhere.

White Mode - Whitening with a Smile

White Mode is designed for those who desire naturally whiter teeth. Thanks to the specially designed movements of the brush, it removes surface stains, restoring the natural shine of the teeth. Regular use of this mode can significantly improve the appearance of your smile, making it brighter and more radiant.

Clean - Strong Action for Dental Health

Clean is the strongest mode supported by the Bitvae BV E11 toothbrush. It is perfect for daily, thorough cleaning of teeth and interdental spaces. It removes plaque more effectively than traditional toothbrushes, supporting the maintenance of healthy teeth and gums.

Sensitive - Gentleness for Sensitive Teeth

The Sensitive mode is a solution for people with sensitive teeth and gums. It provides gentle yet effective cleaning, minimizing

discomfort during brushing. Thanks to it, even people with sensitivity issues can enjoy thoroughly cleaned teeth without fear of pain.

Polish - Polishing for Extra Shine

With the Polish mode, you can give your teeth an extra shine. By using it in a maintenance session with the White mode, you enhance the whitening effect. Thanks to it, teeth become smooth and shiny, making your smile even more dazzling.

Massage - Healthy Gums with Gentle Stimulation

The Massage mode focuses on gently massaging the gums, which is crucial for their health. Regular use of this mode helps maintain gums in good condition, preventing problems such as gum inflammation or bleeding.

Practical Features for Everyday Convenience

In addition, the Bitvae BV E11 toothbrush offers practical features, such as notifications every 30 seconds about changing the brushing side, making it easier to evenly clean all teeth. The contents of the set, including a travel case, eight replacement heads, and a USB-C cable, ensure full usability, both at home and on the go.
