

DJI Goggles 2 Battery

DJI Goggles 2 Battery

Rechargeable battery for DJI Goggles 2

Have confidence that your DJI Goggles 2 won't drain too quickly. The rechargeable battery designed for them is distinguished by its 1800mAh capacity and provides a working time of up to about 2 hours. The product is also equipped with small light indicators that will provide you with information on its power level (when using the goggles together with the DJI Avata drone).

Ref: 6941565929723

Specification

Brand

DJI

Name

DJI Goggles 2 Battery

Capacity

1800mAh

Voltage

7-9V (1.5A)

Type

Li-ion
Chemical composition
LiNiMnCoO₂
Energy
18Wh
Charging temperature
0°C to 45°C (32°F to 113°F)
Max charging power
12.6W (5V / 2A, 9V / 1.4A)
Operating time
Approx. 2h

Preço:

€ 39.00

Drones, Semi-Professional, DJI Avata
