

Intelligent Battery Hub DJI Inspire 3 TB51

Intelligent Battery Hub DJI Inspire 3 TB51

Ref: 6941565956002

DJI Inspire 3 TB51 rechargeable battery

A battery dedicated to the DJI Inspire 3 drones, it is equipped with energy-efficient cells and uses an advanced BMS system, with a capacity of 4280 mAh. As a result, it can provide a long operating time and stands out for its impressive lifespan! What's more, the auto-heat function makes the battery great for low temperatures as well.
