Dji Osmo Action Ready To Go Kit

DJI Osmo Action Ready To Go Kit

DJI Osmo Action Ready To Go Kit includes a range of useful accessories for your Osmo Action sports camera. Using them, you will gain the ability to record from new and unique perspectives and provide yourself with unprecedented creative freedom. What's more, products such as a charging hub and additional battery allow you to increase the performance of your device. With the Ready to Go Kit you'll also save money - the products in the kit cost more if purchased separately.

Mount the Osmo Action to your sports gear and create unique shots

In the package you will find 2 flat and 2 curved adhesive mounts for DJI Osmo Action. With their help you will mount the camera on your sports equipment and create amazing shots from unique perspectives. The mounts are extremely durable and provide the Osmo Action with the required stability - so you can confidently record in even the most extreme conditions.

Record fantastic videos underwater

The Ready to Go Kit also includes special cases that will work for a variety of applications. The waterproof case will enhance your ability to record unique footage. Place the Osmo Action in it and create underwater footage at depths of up to 60m. The underwater world is open to you!

Longer run time and more efficient charging of your camera

Increase your camera's charging efficiency with additional smart accessories. DJI's special hub allows you to sequentially charge up to 3 batteries. It also significantly reduces the duration of this process. The battery included in the set will provide Osmo Action with energy to record another spectacular shots. Its dedicated case allows for a convenient storage.

Safely transport your Osmo Action

The kit also includes a carrying case that allows you to store your camera conveniently and safely. You can also fit a selection of accessories in it. Place DJI Osmo Action in this practical case and do not worry about anything! Your device will be safe, and you will transport it comfortably.
