Recordable Answer Buzzers (Set of 4) Learning Resources LER 3769

Programmable sound buttons from Learning Resources are suitable for many applications. They will come in handy during group play and quizzes, allowing you to leave messages to loved ones in an original way and much more. Teachers can also successfully use them, for example, to activate students during lessons. Each buzzer allows you to record sounds - just press the button and record any words or music. Then you can simply play back the recording! Each button requires 2 AAA batteries (not included in the set). The toy is intended for children aged 3 and up.

Ideal for quizzes and game shows

Learning Resources programmable buttons are perfect for various types of quizzes and game shows. By organizing such a game for children, you can create a friendly competition that will not only provide entertainment for the youngest but also stimulate their curiosity and creativity. Establish the rules - whoever presses the button first answers the question. It's a perfect opportunity for children to demonstrate their knowledge and perceptiveness!
