Orico CBSX-BK cable holder

Say goodbye to desk clutter. The Orico brand cable holder allows you to conveniently organize your cables and helps you stay organized. It is made of soft, excellent quality silicone, and thanks to the 3M self-adhesive mount, you can also securely attach it to the wall.

Keep your desk tidy

The holder is equipped with X-shaped compartments that allow you to organize 2 cables at the same time. Now you can easily attach them at the desired length and avoid clutter. You can also conveniently store your keys or other small items with the Orico organizer.

Fasten it to the wall

What else makes the Orico brand holder suitable for a multitude of applications? The product has been equipped with double-sided 3M self-adhesive tape, which allows, for example, stable attachment to the wall. Thanks to this, the organizer can also function as a bag hanger, for example.

Solid performance

This practical handle will serve you well for a long time. It was made of high quality, soft silicone, which is not only durable and resistant to damage, but also extremely pleasant to the touch. Thanks to its excellent workmanship, the organizer will provide your cables with a

stable, reliable fixation.
