

## Speakers 2.0 Edifier R1280DBs (brown)

Speakers 2.0 Edifier R1280DBs (brown)

Ref: 6923520268436

### Edifier professional speakers

The R1280DBs features a classic yet stylish design that will catch your attention. Along with all the modern features, the wooden finish makes it look elegant yet professional. The enhanced specifications meet the highest standards of quality and performance. Qualcomm Bluetooth technology ensures a stable, wireless connection. While the total RMS power of 42W eliminates any distortion. The included components greatly improve your comfort during use, saving you a lot of time.

### Lots of options

Edifier speakers easily play any type of music, emphasizing low and high tones. They are equipped with all new features and universal inputs, ensuring wide compatibility. For example, optical, coaxial and dual RCA inputs are all possible at one time. Bluetooth wireless connectivity with Qualcomm technology also allows the equipment to be paired with most available models on the market.

### Music expert

Edifier Bluetooth speakers can automatically detect an additional external subwoofer to activate the digital crossover. Different types of ports offer transmission free of any loss. The front-mounted bass reflex port guarantees the extraction of crisp, deep bass. High RMS power minimizes annoying noises and effectively reduces noise, so you can enjoy hours of entertainment without any distractions.

### Simplified operation

The knobs on the side panel are responsible for setting the equalizer to your preference. The controls are located on the active/powerd speaker. The included handy wireless remote makes it easy to adjust the most important functions of your Bluetooth-connected device. With just a flick of your wrist, you can turn on the power, change the playback order or select the audio source. You don't even have to get up from your comfortable chair!

### Classic finish

The sturdy, wooden MDF cabinet reduces acoustic resonance, making it possible to place the speakers anywhere and relax with atmospheric tunes in various rooms in your home. The stylish workmanship is sure to impress, and the whole thing will work as a great addition to a tastefully decorated interior.
