Wireless headphones TWS Edifier NeoBuds Pro, ANC (white)

Edifier NeoBuds Pro Wireless Headphones

Meet the Edifier NeoBuds Pro - the first TWS wireless headphones to receive Hi-res certification. Enjoy superior sound quality and a reliable Bluetooth 5.0 connection with ultra-low latency. Comfortably talk on the phone with up to 3 microphones and noise cancelling technology. Listen to music for up to 6 hours on a single charge. The headphones are also incredibly comfortable and their anti-bacterial tips protect your ears from germs.

A new level of musical experience

Accept the invitation to a true musical feast. NeoBuds Pro are the first TWS headphones to be Hi-Res certified to give you an unforgettable musical experience. The headphones provide a unique immersive experience and guarantee perfectly reproduced, richly detailed Hi-Fi level sound. Find out how great your favourite songs can sound!

State-of-the-art solutions for superior sound quality

The headphones feature a dynamic composite driver and a balanced Knowles driver. This unique combination delivers crystal clear sound of the highest quality. Accentuated bass and crisp highs let you enjoy perfectly balanced sound. NeoBuds Pro also support the LHDC audio codec at 900 kbps. Turn on your favorite playlist and let the magic of music take you away!

Effective noise reduction

Say goodbye to annoying noise and focus on crystal clear sound. Hybrid ANC technology reduces ambient noise to -42 dB. Noise cancelling algorithms and up to 3 built-in microphones allow you to talk on the phone in almost any environment - even on the bus or in the supermarket. The headphones also filter out wind gusts and emphasize the sound of human voice.

Don't miss anything important

Want to listen to music without losing touch with your surroundings? No problem! Just select the ambient sound monitoring feature, which you can adjust at any time via the Edifier Connect app. Now you'll never miss an important announcement at the train station or airport. You'll also hear your co-workers' questions perfectly.

Say goodbye to bacteria

NeoBuds Pro come with specially designed ear tips that are antimicrobial up to 99.8%. This effectively prevents germs from multiplying in your ears. The ergonomic design also makes the headphones extremely comfortable - you can listen to music for hours without getting tired.

A surprise for game lovers

Enjoy dynamic gaming. NeoBuds Pro offers a gaming mode designed specifically for gamers with an ultra-low latency of just 80ms. You won't be surprised by the perfect synchronization of picture and sound quality. You'll hear them instantly and locate them precisely so you can anticipate their moves and claim another incredible victory.

Fast charging for long battery life

Both the charging case and the headphones support fast charging - it only takes 10 minutes for them to serve you for another hour. When NC mode is on, the NeoBuds Pro lasts up to 5 hours, and up to 6 hours if you turn it off. With the help of the charging case, you will extend it by 15 or 18 hours respectively. So in total you can listen to your favorite tunes for up to 24 hours on a single charge!

Take your favorite tunes with you wherever you go

With Edifier, your favorite songs can pass the time almost anywhere. The NeoBuds Pro are IP54 rated, which means they are waterproof and dustproof. No rain, sweat or dust. You can easily take them for a workout, bike trip or spring walk. What's more, the headphones fit perfectly in your ears and do not fall out, even when you are doing demanding exercises or simply moving around a lot.

Just a few taps

Want to pause your music but don't have your smartphone within reach? Not a problem anymore! NeoBuds Pro are equipped with touch panels that make them much easier to use and provide convenient access to the most important functions. Now, with just a few taps, for example, you can answer the phone, pause or resume playback, switch a song or turn on gaming mode.

Original design

Headphones are not only functional, but also incredibly stylish. They were inspired by sports cars, so NeoBuds Pro attract attention with its original, modern design. LED light strip placed on the case is eye-catching and gives the device a unique character.

Gain additional capabilities with the app

Want more? Install the Edifier Connect app and get access to additional useful features. For example, you can adjust headphone sensitivity, use the equalizer and even share settings. You'll also find 3 EQ modes - Dynamic, Clean and Personalized. You can also fine-tune the tones for a unique music experience.
