Wired earphones Edifier P180 USB-C (white)

Edifier P180 wired earphones (white)

Listen to your favorite tunes in the highest quality wherever you are. The Edifier P180 headphones feature premium 14.2mm drivers that deliver crystal clear, natural sound. The built-in omnidirectional microphone allows for comfortable phone calls, and the integrated remote makes the product easy to use. The headphones are incredibly lightweight and comfortable, yet durable. The USB-C cable ensures a stable connection and comfortable use.

Rediscover the magic of sound

Experience how great the songs you love can sound. The P180 headphones are distinguished by their high-quality sound, which is confirmed by Hi-Res Audio certification. What's more, they have built-in 14.2mm magnetic NdFeB drivers, which combine with advanced decoding and multi-layered sound for an unforgettable musical experience. Hear enhanced bass and crisp treble, marvel at the richness of detail and discover the magic of music all over again!

Conveniently talk on the phone

Now you can talk on the phone without any problems, even in noisy environments. The Edifier P180 features a state-of-the-art, high-sensitivity omni-directional microphone that captures your voice precisely. No more unnecessary noises will get in your way!

Shopping at the mall and someone calls you? Want to talk on the phone on a crowded bus? No problem! With Edifier you can be sure that your caller will hear you perfectly.

Ergonomic design

Listen to your music as long as you want, without worrying about fatigue. The P180 headphones are designed to fit perfectly in most ear canals. Thanks to their ergonomic design, they are extremely comfortable and fit perfectly in your ears without feeling pressured or falling out. They also stand out for being surprisingly lightweight. What's more, the cable length of the headphones is about 110 cm, giving you the freedom you dream of.

Built-in remote control

What makes operating the headphones so easy and convenient? P180 comes with an integrated remote control with 3 buttons. 2 of which allow you to adjust the volume. Want more? Simply tap the center panel a number of times to, for example, pause or resume playback, answer the phone, hang up, switch songs or activate the voice assistant. See for yourself how convenient it is!

Impressively durable

The Edifier P180 headphones will serve you well for a long time. They are made of excellent quality materials that provide them with incredible durability. Their cable is extremely flexible and resistant to pulling, tearing or other types of damage. It won't get tangled up excessively either. All this will allow you to enjoy your favorite tunes without worrying that the headphones will refuse to serve you too quickly.
