Edifier R12U Speakers 2.0 (white)

Need speakers that combine compact design and high quality sound? Edifier R12U were designed just for you! The units use 60-millimeter drivers and a Bass Reflex port to deliver crystal clear sound with rich detail. They also allow you to connect an audio source via a 3.5mm port.

Compact design - impressive quality

Do you have limited space on your desk, but expect high-end sound? This is exactly the combination offered by the Edifier R12U speakers. This is possible thanks to the use of the best materials and technology. The 60-millimeter drivers are capable of generating clear, detail-saturated sound. The devices achieve a total output power (RMS) of 2 x 2 watts.

Functionality and convenience

The speakers are powered by a USB connection, ensuring wide compatibility - you can simply plug them into a computer or an adapter. You can adjust the volume with the built-in knob, and the 3.5 mm AUX input port will allow you to plug in a mobile device or MP3 player. Choose a combination of high quality, compact design and modern look! Put your money on the Edifier R12U!

Manufacturer
